the good life.

A place where the sound of traffic is muted by the sounds of nature, where your back yard disappears into bush-land. A haven, beyond the helter-skelter, but in touch with the world we live in. Where your next door neighbours are trees away, and the streets are quiet enough for a game of cricket. A place to grow naturally. So, where do you want to live? What do you aspire to?

Aspire at Griffin will be enhanced through careful design and construction enabling many of the allotments to have serene views of the adjoining bushland and Freshwater Creek. An easy to use set of Design Guidelines will be prepared to ensure the quality of homes being constructed at Griffin will be of a high level. The development will be released in stages, all being primarily targeted at owner occupiers, with purchasers being able to select their preferred builder.
